

Public Notice for Public Comment

NOVEMBER 3 THROUGH DECEMBER 3

NASA's Proposed Plan outlines the agency's Preferred Alternative for groundwater cleanup for the Jet Propulsion Laboratory (JPL) and areas adjacent to it. This Plan is available for public review and comment at <http://go.nasa.gov/ZNWioV>. The PUBLIC COMMENT PERIOD extends from **November 3 through December 3, 2014**.

The NASA Preferred Alternative, described and analyzed in the Proposed Plan, is to continue operating three existing treatment systems on and near JPL, adding various institutional controls (e.g., non-engineering measures that are administrative or legal in nature) to ensure safe groundwater use near the JPL site, and continuing NASA's routine groundwater monitoring program.

Public Meeting

WEDNESDAY

NOVEMBER 12

7PM to 9PM

Altadena Senior Center
560 East Mariposa St.
Altadena

A PUBLIC MEETING TO DISCUSS THE PROPOSED PLAN AND ALSO:

View displays on the background of the cleanup efforts, environmental investigations, the current cleanup methods, and NASA's Preferred Alternative,

Ask questions and learn more about any aspect of the cleanup, and

Provide us the opportunity to hear your comments. A court reporter will ensure that all oral comments are transcribed. You may also submit comments in writing at this meeting.

DOORS WILL OPEN AT 6:00 PM

We will have a Spanish-speaking person available at the meeting.
Va a haber un traductor de español disponible en la reunión.

Comments on NASA's Proposed Plan may be submitted:

ELECTRONICALLY
NO LATER THAN MIDNIGHT ON THE EVENING OF DECEMBER 3

To: mfellows@nasa.gov

BY MAIL
POSTMARKED NO LATER THAN DECEMBER 3
